

Kush Arora Federal Justice Reform
SCHOLARSHIP APPLICATION COVER SHEET

As a dedicated [Maryland criminal defense attorney](#), Kush Arora focuses his practice on representing individuals who have been accused of a variety of offenses, from misdemeanors to felonies. The work of a criminal defense attorney is as tough as it is important. That is because the presumption of innocence, what many of us know as the right to be considered innocent until proven otherwise, is the cornerstone of our justice system. As such, it requires sound legal counsel for all those accused. Sometimes, it is the laws that are flawed. In other instances, the way in which penalties are calculated and administered may be unduly punitive.

Mr. Arora takes his role and responsibilities within the Maryland criminal justice system very seriously. He also takes seriously the need for students to recognize whether they believe the laws that govern society are just or unjust, and why. These traits are valuable in all citizens, not just criminal justice professionals, and Mr. Arora is dedicated to providing financial support and academic recognition to those who will pursue or support reasoned legal reform in the future.

Whether those goals are met with a law degree and practice, by pursuing a degree in another field that works within the criminal justice system, or through civic participation, Mr. Arora understands that the success of the criminal justice system depends on the success of the bright young women and men who are pursuing their academic and professional dreams today. To help them achieve their goals, and to further bolster the system that he so proudly serves, Mr. Arora has established the Kush Arora Criminal Justice Reform Scholarship. This scholarship will award \$500 to a deserving student who has demonstrated a thoughtful, well-reasoned view of whether certain laws and criminal justice policies are just or unjust.
